Supplemental Hyungs/Forms are added to assist students with techniques and are not part of the traditional hyungs of Tang Soo Do from 1949/1959/1992 under SGM Hwang Kee, Many Schools and Organizations will and have add, change or even drop some of the original hyungs to suit their students. It's not wrong to do so, as long as the Traditional Hyung and format is taught at the same time. There are hundreds of school that have done this over the last 60 years, just to many to list.
